THE LIEUTENANT-GOVERNORSHIP.

It is generally understood that Hon. Joseph Royal, M.P., will succeed His Honor E. Dewdney as Lieutenant-Governor of the Northwest Territories. Just when the change is to be made is not definitely known, but it is thought it will be at the close of the present session of Parliament. The people of the Northwest will regret that they were unable by petition and other means to induce the Dominion Government to give Mr. Dewdney a second term. He has served the country well, and shown that he is possessed of a marked degree of executive ability. The country cannot afford to lose his services, and there is reason to believe that his large experience and intimate knowledge of Northwest affairs will be to its advantage by the Dominion Government, and that he will be a Senator and a Cabinet Minister.

Should he be taken into consideration, which is believed to be the case, those well informed, who should be given the Indian and Mounted Police Departments. In such event he will resign the Indian Commissionership, and be succeeded by Mr. Hayter Reed, Assistant Commissioner, who will be succeeded by Mr. Wm. McGirr, at present Chief Clerk. These promotions cannot fail to meet with approval. Mr. Reed is thoroughly qualified both by ability and experience for the important position of Indian Commissioner. The same may also be said of Mr. McGirr with regard to his promotion. With Mr. Dewdney at the head of the Indian Department and knowing his subordinates as he does, the same wise policy will be pursued towards the Indians of the Dominion that has characterized his administration in the Northwest.

Since Mr. Royal's name has been mentioned in connection with the Lieutenant-Governorship, he has met with much severe and unjust criticism. It will be remembered that simultaneously with the name of Hon. Dr. Schultz being named as probable Lieutenant-Governor of Manitoba, Mr. Royal was spoken of as Lieutenant-Governor of the Northwest. Dr. Schultz received almost sycophantic laudation. Not one word appeared against him in the Manitoba or Northwest press. Criticism was reserved for Mr. Royal. We believe that it was ill-considered. Both Dr. Schultz and Mr. Royal have been connected with public life in Manitoba ever since and even before it became a province. There were other days when Dr. Schultz was the victim of the most bitter attacks by the press, but he has risen above those who were his enemies by the achievement of undoubted success, both financial and political. Mr. Royal's record as a public man has not been such as to justify the recent bitter hostility shown him by the Manitoba press. There need not be much exploring to find the cause. The newspapers were made rabid by the Red River Valley Railway infection. Mr. Royal did not assume long ears and rear on his hind legs, metaphorically speaking, and rear bayonets and bloodshed if the Dominion Government would not consent to the building of a United States railway to Winnipeg, and the diversion of the traffic of the Canadian Northwest to a foreign country. No, Mr. Royal was too well-headed for that kind of procedure. When Riel raised

his first rebellion on the banks of the Red River, Mr. Royal was true to the Dominion, and did his utmost to preserve peace though he was then known to the natives as a "newcomer," therefore possessed of insufficient influence to turn the tide against Riel. Since then, however, he was elected to the Manitoba Legislature and twice to the Dominion Parliament. He has served his constituents faithfully and well at all times, and it is much to his credit that after Riel's Saskatchewan rebellion and the subsequent execution of the rebel leader, that Mr. Royal showed himself first of all a true Canadian. He had no sympathy with the race and revenge cry that was raised among the French against the Government for their just and proper vindication of the laws of the land. It is in this sense as well as in other respects that the appointment of Mr. Royal should commend itself to the people of the Northwest. THE PROGRESS has objected to the appointment of a Frenchman to the Lieutenant-Governorship of the Northwest, but it has not and does not object to Mr. Royal personally. We objected on the ground that the press of Quebec might take exception to the appointment of an English Ontario man to the Lieutenant-Governorship of Quebec, or vice versa. Mr. Royal and his lady are both possessed to an eminent degree of those qualifications that will enable them to continue the Government house of the Northwest what it should be. Let there be no more of this miserable carping, but let the new Governor, when he comes, be given a right Royal welcome.

NEW POLITICAL PARTY.

The Prohibitionist Leaders throughout the Dominion have long been considering the advisability of forming a third political party, and at a recent meeting of the Dominion Prohibitionist Alliance decided the question by the appointment of a provisional committee to call a convention for the organization of the new party. The convention was held yesterday in Toronto. The following is the platform of the party:

1. Righteousness and Truth in Public Affairs as well as in private business, and no compromise with wrong.
2. Equal rights for all Creeds, Classes and Nationalities, but exclusive privileges to none.
3. National Sentiment, a National Literature, and in all matters of public policy—Our Country First.
4. The Prompt and Absolute Prohibition of the Liquor Traffic as the objective point of Temperance Legislation; in the meantime the honest and vigorous enforcement of the Scott Act and of all other laws for the repression of Vice and Intemperance.
5. Retrenchment and Economy in Public Expenditure, with a view of reducing our enormous National Debt.
6. Manhood Suffrage, with an educational qualification; that is a vote to every freeman of legal age who can read and write.
7. The extension of the Franchise to Women.
8. An Elective Senate.
9. Civil Service Reform.

NOTES AND COMMENTS.

The grant of \$10,000 for the benefit of agricultural societies in the Northwest will be made again this year on similar terms to those of last year.

Mr. W. D. Perley, M.P., keeps hammering away at those C. P. R. lands. He is determined that they shall by no means escape taxation the moment they are occupied in any way, or the C. P. R. disposes of any interest in them.

The last issue of Grip contains a caricature on the repeal of the Scott Act in Halton, which is represented as a shore on which the tide has ebbed. "Rummy" is perched on a barrel representing the liquor traffic; in each hand he is swinging a black bottle and is laughing in the greatest glee. Elsewhere in these columns will be found what Grip says of the ebbing of the tide. Hurrah for Grip.

Mr. H. Norman, the English journalist, who has been visiting in Manitoba and Dakota, says that the farmers are much better off on this side of the line than on the other and much less heavily taxed than in the States. In one elevator on the other side of the line, Mr. Norman saw the names of one hundred farmers on a paper put up in the elevator, their wheat was covered by chattel mortgage and the list of names was intended for the information of the elevator men who

might be in danger of ignorantly buying mortgaged grain.

Mr. W. D. Perley, our member of Parliament, has presented the prohibition petition from the Northwest. It contained as stated last week over 2,000 signatures. It is referred to by all the eastern papers and spoken of as a mammoth petition. It was really a remarkable petition considering that its circulation was effected wholly by correspondence from this office, the shortness of the time allowed, the infrequency of the mails and the fact that a false security seems to possess some of our temperance men that no changes would be made in our law without a vote of the people being first taken.

Mr. MacDowall presented a petition for a charter for Major Bell's scheme. The applicants for the charter are Phillip McKee, W. R. Bell, James Conmee, R. McLennan, John Herbert Beatty. They desire to be known as the Ontario, Manitoba & Western Railway Company and ask for power to construct and operate a railway from Port Arthur westerly to Winnipeg, crossing the narrows of the Lake of the Woods and south of the C. P. R., with branch lines westerly from Winnipeg through Manitoba and into the Territories south of the main line of the C. P. R., and short lines as feeders thereto, with power to cross the C. P. R., or other roads at Port Arthur, near Winnipeg and elsewhere, as may be necessary to connect with or acquire other roads running south from or between points first named; to connect and operate telegraph and telephone lines; to work coal or other mines adjacent and to erect and run saw-mills and lumber factories.

THE TIDE HAS EBBED—THAT'S ALL.

The Scott Act repeal in Halton has greatly rejoiced the Rum Party, though why it should do so when they are so well aware that "there is twice as much liquor sold under the Scott Act as under license, don't you know," is a puzzle. Well, their victory—by whatever crooked means achieved—is dearly bought. It has had an effect on the country the very opposite of what the liquor men would like, and this effect will be immensely deepened day by day as soon as the old system of open groceries comes into operation. People will see the contrast between free rum and even badly executed prohibition then in a way that will be very convincing. Since the day of polling, the Canadian Third Party has sprung into being—if not as a direct result, at all events as a most striking coincidence. This step has long been talked of, and now at last it is taken. The politicians know what it means. Already they begin to talk the Republican lingo about "keeping prohibition out of politics," "it is not a political but a moral question," etc., etc.; but like the hypocritical scallawags across the line, they will find out before long how far these platitudes will stay the rising tide of public opinion. The saloon is in politics, and that is just exactly the place to fight it. The only way the Grit and Tory parties can save their precious lives is to come out squarely for the Home—pass the law and enforce it earnestly and honestly (at which suggestion we seem to hear a tremendous burst of ironical laughter from Halifax to Vancouver). Yes, the tide has just ebbed a little on the Halton strand; before long the great curling wave of public opinion will sweep along that shore and submerge poor Rummy and his barrel beyond all hope. Let him laugh while he can!—Grip.
